VOLUME 2. MARYVILLE, MISSOURI, WEDNESDAY, JULY 12, 1911 NO. 33.

CAN NOT GAIN MUCH

REFERENDUM VOTE WILL NOT SAVE SENATE TO REPUBLICANS.

KANSAS CITY WOULD LOSE

One Senator Less for Hadley's Home if Republicans Push the Matter.

Jefferson City, Mo., July 11.—The assertion of Republican officials that the rearrangement of the state senatorial districts effected by the attorney general and secretary of state, without the approval of Governor Hadley, is notoriously unfair, is being repeated again after a long rest. No new issues are presented. It is again asserted, because Governor Hadley will not issue a proclamation announcing the new districts, Senators cannot be elected to the next legislature under the new district lines.

The constitution provides that when the legislature fails to redistrict the state senatorial districts following the completion of the national census, the governor, the attorney general and the secretary of state shall do so. As a matter of fact this has been done by these officials for the last thirty years. This time the governor, being a Republican, refused to act with the two Democratic state officials. The attorney general and the secretary of state made the proceedings a matter of official record. Now Governor Hadley is threatening litigation and the submission of a redistricting plan under the initiative and referendum.

It seems improbable the Republicans can gain much, regardless of the result. Even if an initiative and referendum plan should be adopted, it could not apply to the next general election, and if the courts should hold that the attorney general and the secretary of state did not have the power to rearrange the districts in the absence of a proclamation from the governor, then the next election for state senators will be held under the old arrangement of 1900, and this would not prove objectionable to the Democrats, as they probably would still control the senate. It would, however, cut Governor Hadley's town, Kansas City, out of an extra senator.

A supreme court ruling could be obtained through prohibition proceedings against the secretary of state to prevent him from certifying the new districts when the election blanks are sent to the counties next year.

Attorney General Major said today he was not advised as to what course Governor Hadley intends to pursue. The constitution, he said, makes it the duty of the Governor to issue a proclamation announcing the new districts, and this he has not done. A mandamus suit will not lie against the governor, the attorney general went on to explain, so there is no way to compel him.

Although the Democrats polled 55,000 votes in the city of St. Louis at the last general election, yet they did not elect a single member of the lower house of the legislature out of sixteen. These 55,000 Democrats had no representative in the house from St. Louis, while 79,000 Republicans had sixteen representatives. The circuit judges of the city of St. Louis rearrange the representative districts.

SUPERINTENDENT OF GOOD CITIZENSHIP

Ralph Farmer went to St. Joseph Tuesday evening to attend a meeting of the executive committee of the Christian Endeavor convention in this, the second, district of Missouri. He is superintendent of the department of good citizenship. The executive committee is composed of the officers and superintendents of the various departments of work of the Endeavor.

NOTICE

Owing to water shortage light service will be discontinued from 11 p. m. until 8 a. m., beginning tonight.

Day service in residence district will be discontinued until further notice. For the present we will be able to accommodate motor customers in business district.

J. B. HILGERT BURIED HERE WEDNESDAY

The body of John Baptist Hilgert, who died in St. Joseph Monday night at the home of his son, Michael Hilgert, was brought to Maryville Wednesday noon on the Burlington, and Father Anselm of St. Mary's church, of which the dead man had been a member many years, performed the last rites, and interment took place in St. Mary's cemetery, beside his wife.

John Baptist Hilgert was born September 16, 1814, in Eleringen, Luxemburg, Belgium. When an infant he had the distinguished honor of having been held in the arms of Napoleon Bonaparte. The incident happened just after one of the great general's memorable battles, when he was forced to flee with a small escort. The father of the child was a follower of Napoleon, and when the warrior stopped at the Hilgert home for rest and food, the head of the family was absent. The French general was disguised and the housewife informed him that she could not prepare the food until her baby stopped crying. It is related that Napoleon thereupon seized the child and lulled it to sleep, while the mother prepared the meal. When the father returned Napoleon was at once recognized by him.

Mr. Hilgert was hoffmaster, or estate manager, for Baron Von Sassenheim for a number of years. The baron's castle has attracted considerable attention lately on account of the fact that a princess of Belgium purchased it for her home. Upon the death, Hilgert, with his wife and family, came to America and located in Nodaway county, Missouri, where he purchased a section of land. The house which he built with timber hauled from Savannah is yet standing. After farming for twenty years, he removed to Maryville. Bishop Marty of South Dakota, who was known as "the friend of the Indians," took many a meal at the Hilgert farm house on his trips overland. Mr. Hilgert's wife died soon after removing to Maryville, and he had since made his home with his son, Michael, in St. Joseph.

Mr. Hilgert was remarkably hale and hearty for a man of his years and had remarkable control of his faculties up to the time of his death. His descendants all lived to advanced ages. His mother died at 99, one brother at 102, and another at 94.

Surviving are a daughter, Sister Mary Mechtilda of the Benedictine convent, at Conception, Mo., and three sons, Nicholas of Sheldon, Neb.; Joseph of St. James, Mo., and Michael Hilgert of St. Joseph. Twenty-three grandchildren and seventeen great-grandchildren also survive.

COURT WILL DIG WELLS AT FARM

County Judges Thornhill, Thompson and Blackford went to the county poor farm Wednesday morning to look over the place and see about digging some new wells. The county farm is out of water.

The court made an order Tuesday afternoon cutting out the following from the pauper list, and no more goods will be furnished them: William Davis, Mrs. Skinner, Murphy and Yoder and Tom Holmes of Maryville; Mrs. Flowers of Hopkins, M. McGee, Hopkins; Mrs, Emenes, Graham; Mrs. Thornton, Graham; Mrs. Shores, Guilford; Mrs. Ryan, Clyde.

The court intended to adjourn Tuesday evening, but the county farm being out of water caused them to spend the day Wednesday looking over the place.

TWO APPOINTMENTS BY PROBATE JUDGE

Frank Alambaugh was appointed administrator of the estate of Elvira Benson, who died suddenly at her home, near Barnard, last week. The appointment was made by the probate judge. Another appointment made by Judge Conn was Charles P. Dowis, administrator of the estate of Edna Fox.

Visited Sick Son.

Charles H. Eaton returned to his home in Barnard Tuesday evening, having been here since Monday noon at the home of his daughter, Mrs. U. I. Wilson, where his son, G. R. Eaton, is sick of typhoid fever.

TO SHUT OFF WATER

COUNCIL ORDERED COMPANY TO TURN WATER FROM MAINS.

TO GIVE PARTIAL SERVICE

From 7 to 9 a. m. and From 5 to 7 p. m. Consumers Can Use Water.

A special meeting of the city council was held Wednesday morning, the purpose of the meeting being to discuss the water situation, which is becoming more serious day by day. Manager Beal Roseberry of the City Water company was present and told the members of the council that the water supply is getting very low and that the council should make an order cutting off part of the service.

The light rains yesterday and last night did not help the situation here. It will take nearly a five or six inch rain to improve it.

The city council, after discussing the conditions, made an order that the City Water company turn on water for general use from 7 to 9 in the morning and from 5 to 7 in the afternoon, starting Thursday. All the water that will be saved by cutting off the service part of the day will be pumped to the tower, where it will be saved for fire protection.

The action of the city council was necessary at this time so as to have enough water on hand for fire protection.

Mayor Robey said this morning that the water pumped into the tower would be kept available for instant use in case of fire, and that the city was determined to keep the fire pressure at a point where it would enable the fire company to do efficient work if a fire should break out. The council will give the insurance companies no chance to cancel policies on the score of insufficient fire protection.

The two old wells uptown that have been cleaned out will be ready in a day or so.

The order of the city council on the water company will have some effect on nearly every business in the city. The Everhart ice plant, which manufactured ice, will have to close down a part of the day, and the supply of ice on hand will not last for a very long time. Then the Maryville Steam laundry will be up against it, and probably all the work they will do will be to launder shirts and collars.

All restaurants where they keep soda fountains will have some trouble.

The Maryville Electric Light company will also shut down for part of the day, owing to the water shortage. The light service will be discontinued from 11 p. m. until 8 a. m., beginning tonight. Day service in the residence district will be discontinued until further notice. For the present the light company will be able to accommodate motor customers in business districts.

The situation in Maryville at the present time is the worst we have had. Unless heavy rains come soon it will become more serious.

Mrs. Ben Litts of St. Joseph is the guest of her daughter, Mrs. Harl S. Holt, and family.

JOHN T. WELCH DEAD

PROMINENT CITIZEN PASSED AWAY WEDNESDAY.

WAS CIVIL WAR VETERAN

Funeral Will Be Held Friday, Conducted by Masonic Orders of the City.

John T. Welch, for many years a prominent business man of Maryville, passed away at his home, 307 West First street, at 10 o'clock Wednesday morning, of kidney trouble. He had been confined to his home only about ten days.

Mr. Welch was a member of the hardware firm of Hudson & Welch, his partner, W. H. Hudson, being the pioneer hardware merchant of our city.

The funeral will be strictly Masonic, the services to be held at the family home at 2:30 o'clock Friday afternoon, conducted by Nodaway lodge, No. 470, A. F. and A. M. Burial in Miriam cemetery.

Mr. Welch had been in poor health a good many years, owing to the hard service he experienced in the civil war, and was subject to severe sick spells. But through all the years of suffering he worked diligently away, was successful, and carried the gospel of good cheer wherever he went, at home and every other place. He was kind hearted and sympathetic toward all who needed kindness and sympathy. His wisdom in matters of business made him a safe counsel, and his advice in financial affairs in years gone by made many men of our city and county safe and prosperous.

Mr. Welch was born in McDonough county, Illinois, June 30, 1842, and grew up there and in Hancock county, where he attended the public schools. His parents were both natives of Kentucky. In April, 1861, he responded to the first call for troops by President Lincoln for ninety days' service in Company D, Sixteenth Illinois Volunteer infantry. On the 24th of May, 1861, they re-enlisted for three years, and December 23, 1863, enlisted as veterans. He took part in the battles of Stone river, Chickamauga, the Atlanta campaign, went with Sherman to the sea and back to Washington, where he took part in the grand review. He was mustered out at Louisville, Ky., and his command was disbanded at Springfield, Ill., in June, 1865, after four years and two months of service.

On the 5th day of September, 1866, he married Miss Martha Cassity, a native of Sangamon county, Illinois, and settled on a farm, and expected to follow the business of farming and stock raising. But his health was broken by his army service and he was compelled to give up such rigorous life, and moved to Auburn, Ill., and engaged in the grocery business, and later was a grain merchant there.

In 1876 he brought his family to Maryville and settled, and became a partner in the grain business with I. J. and Elisha Poley. Elisha Poley died in June, 1880, when L. A. Barlteau became his partner, continuing for several years.

In 1888 Mr. Welch was elected treasurer of Nodaway county on the Republican ticket, succeeding George W. Snapp. He was succeeded to that office in 1890 by Elihu Jones.

After his term as county treasurer Mr. Welch went to the Nodaway Valley bank as its cashier, under the presidency of its founder, the late Theodore L. Robinson, father of that bank's present president, James B. Robinson. Mr. Welch was also elected a director of the bank, and continued a director until the time of his death.

Mr. Welch remained cashier of the Nodaway Valley bank until the fall of 1898, when he made the race for the office of recorder of Nodaway county, to which he was elected, and was the only Republican elected in the county that year. At the close of his term of office, which was four years, he bought out the city bus line business of James Carter, but later sold out to E. H. Bainum, the present owner.

Five years ago Mr. Welch became a partner with W. H. Hudson in the hardware business, buying out Mr. Hudson's former partner, Arthur A. Leet, and was actively engaged in the business until he was taken ill ten days ago.

Mr. Welch was a prominent Mason and was a member of Nodaway lodge, No. 470, A. F. and A. M. since he came to Maryville.

Eight children were born to Mr. and Mrs. Welch, four of whom survive: Edwin M. Welch, with Marshall Field of Chicago; Harry K., Mabel Earl, Jessie C. and John A., who died of diphtheria in less than a week's time, in June, 1881; Nellie E., the wife of Dr. Fay Allen of Roswell, N. M.; J. Helen Welch and Blanch Marguerite Welch, at home.

A NORMAL OUTING

TEACHERS AND PUPILS TO GO TO CONCEPTION ABBEY.

WILL LUNCH IN GROVE

Special Cars on Wabash Will Convey Party to Clyde—Will Return in the Evening.

Tomorrow, Thursday, morning nearly all of the teachers and pupils of the Normal school will leave on the 10:52 Wabash to spend the day at Conception convent and abbey.

A letter received by President Taylor this morning from Father Placidus states that everything is in readiness to make the day most delightful and profitable. A good rain of an inch and a half fell yesterday and last night at Conception, which will add very much to the pleasure of the occasion.

The party will go to Clyde and stop for lunch in the grove at the convent. It will visit the convent and the beautiful chapel which Father Luke, the architect, will fully explain. This is one of the most beautiful and costly little chapels west of the Mississippi river. The printing plant carried on by the Sisters, which is a model of equipment and neatness, will be visited, and other places of interest at the convent will be explained.

At the monastery Father Placidus will deliver a short address in the cathedral, explaining the origin of the abbey, and Father Charles will give an organ recital. Other interesting features will occupy the time of the afternoon. The party will return on the train leaving Conception at 6:35. In addition to those who will go from the school, any friends who would like to go may be included in the party if they will report to the office of President Taylor at the Normal school before 5 p. m. today.

FOUNTAIN SHIPPED

LETTER FROM HUMANE SOCIETY SECRETARY SO STATES.

COUNCIL WILL PLACE IT

Permission Given to Choose Location Acceptable to the City—Will Cost Over $2,000.

Maryville will get her animal drinking fountain, which the local Humane society has been after for some time. The fountain has been ordered shipped here.

The following letter was received Wednesday by Mrs. E. G. Orear, secretary of the local society, from Lewis M. Seaver, who is secretary of the National Humane Alliance:

"Under same date as your latest letter, I received a letter from Mayor Robey stating that it was desired to change the location of the fountain. I have no objection to that if the people desire it. I am writing Mayor Robey to that effect and have ordered the fountain shipped. Yours respectfully, Lewis M. Seaver."

The animal drinking fountain is a thing of beauty and will cost the city nothing except to keep it in condition and supply it with water. The cost of the fountain is about $2,200, and the National Humane Alliance placed twenty or more of these fountains each year in different towns over the United States, free of charge. A wealthy eastern man left an estate some years ago for this purpose.

The local Humane society and Mrs. Orear deserve great praise for getting the fountain for Maryville. They have been working hard for it.

GOOD RAINS FELL IN PARTS OF COUNTY

A nice little rain fell in Maryville early Wednesday morning. The rainfall was .22 of an inch. This is the best rain Maryville has had for a month or so.

A good rain also fell in other parts of the county. At Skidmore and in the southwest part of the county about an inch of rain fell. At Ravenwood and Parnell just enough rain fell to settle the dust.

A heavy hail is reported to have fallen at Bedison, doing some damage to corn.

The Burlington conductor on this morning's Burlington train reported that it rained from Creston all the way down the Burlington about as much as it did at Maryville.

KANSAS CITY AUTO TOURISTS IN TOWN

Dr. and Mrs. William Wallis, Jr., had Kansas City guests all day Tuesday. They are old friends of Mrs. Wallis, who are making a trip to the north in a Columbia touring car. The party included Mr. and Mrs. Grant Simpson and Mrs. Simpson's mother, Mrs. McConnell, and Mr. and Mrs. Roy King. They left Tuesday night for Sioux Falls, S. D., in Mr. Simpson's car, and will later visit Michigan lakes.

COMMERCIAL CLUB HAD MEETING TUESDAY

Business was very lax at the Commercial club meeting Tuesday night, and aside from an informal discussion of the Chautauqua and the Saints Highway, nothing was done.

The Chautauqua was the chief topic of discussion, and Prof. Landon stated that all arrangements were completed and everything was ready to start on an active campaign of advertising and for the sale of tickets. The program books will be issued the last of this week and will be distributed to every home in Maryville and over the surrounding rural routes. The tickets will probably be placed on sale Monday, July 17. One thousand of these tickets will be placed with the committee for sale and will be disposed of at $1.50 each until the 5th of August, when the price will go up.

A slight discussion as to the assessment and payment of dues on the Saints Highway furnished the only other part of the active business of the meeting.

Miss Mattie Hudgens of St. Joseph arrived Wednesday to visit Mrs. C. C. Myers, south of Maryville. She came from Burlington Junction, where she had been visiting her sister, Mrs. Bert Barrett.

For Oklahoma Girl.

A picnic supper was given Monday evening at Normal park in honor of Miss Bessie Sechrist of Lawton, Okla., who has been spending the summer here with her grandmother, Mrs. Richard Conway. She left for her home in Lawton Wednesday morning. After the picnic supper the young ladies attended the picture show at the Empire theater. Beside the honor guest those in the party were Misses Marie Wells, Lucile Airy, Bessie Brown and her guest, Mrs. Frank Bright of Bolckow, Emma Kildow, Helen Young, Josephine Keeler and Anice Ingerson.

BARNARD.

W. A. Gardner, the hospitable hotel proprietor, is putting in a fine cement walk in front of his hotel, also other general improvements.

Two new cement crossings have just been completed, one in front of the Barnard State bank and one in front of Hargrave's drug store.

Rev. Thompson was out orating in the harvest field a couple of days this week. Let the good work go on.

Dr. M. M. Pollard sent his auto tires back to the factory for repairs, and is riding behind a special delivery team.

Mrs. Arthur Hazelwood started for California yesterday morning. Her health has been gradually failing for some time, and a change of climate is advised by her physician.

It rained in Barnard, and D. A. Pollard lost his mustache.

Arthur Hazelwood accompanied his wife as far as Kansas City.

P. J. Hainey, our genial attorney, has quit prophecying.

Big hearted Sam Coulin took W. Curnutt and George Blagg on their maiden auto ride to Bolckow and return last evening.

Dr. M. M. Pollard has just moved upstairs to his new office rooms in the new McMillan building.

Dr. O. F. McMillen, our hustling dentist, has just got located in his new rooms, and they are simply fine.

Is Teacher in Kansas.

Will Jones of Winfield, Kan., is in Maryville the guest of his aunt, Mrs. J. H. Tarpley, and family, 307 North Mulberry street. He will also visit his brother, Glen Jones, and family, living seven miles west of Maryville. Mr. Jones has been engaged in teaching, but will attend school the coming year at Salina, Kan.

Her Aunt Very Ill.

Mrs. Marvin Boyles returned to her home in Barnard Tuesday evening from a few days' visit with her sisters, Misses Gertrude and Rebecca Miller, and her aunt, Mrs. George S. Miller. Mrs. Miller has been dangerously ill of erysipelas, but is now improving.

Miss Lora M. Moss, the daughter of Mr. and Mrs. J. W. Moss of Ravenwood, was the winner in the piano contest put at that place by Mr. Kaufman and the Ravenwood Gazette. The vote stood as follows: Miss Moss, 1,846,125; Miss Effie Willis, 1,099,871; Miss Edith Craig, 1,077,590.

MRS. BINGAMAN DIED WEDNESDAY

Mrs. Fred Diss received a message Wednesday forenoon announcing the death of her mother, Mrs. Alvin Bingaman, Sr., of Burlington, Kan., at 7:30 o'clock Wednesday morning. The body will be brought to Maryville for burial.

Will Go to Meadville.

Mrs. Henry Cook, agent for the Spirella corset in Maryville and vicinity, will go to Meadville, Pa., the first of August to attend a training school in session there August 1 to 10, for the agents of the Spirella corset. Mrs. Cook has been the agent here for the past three years and has given time and money to perfect herself for a perfect corsetiere.

Mrs. R. F. Sharp of Raton, N. M. is visiting her sister, Mrs. C. A. Thomas at Skidmore. Mr. Sharp will join her at Skidmore and they will go to Chicago and other eastern points before returning to their home. Mrs. Sharp is a daughter of Mr. and Mrs. S. P. Smith, old residents of Maryville, who are residing now in Clovis, N. M.

Mr. and Mrs. Lin Brown, who have been visiting Mr. Brown's sister, Mrs. John T. Yates, left for their home at Des Moines, Ia., Wednesday. They also visited relatives at Kansas City, Siloam Springs, Ark., and Iola, Kan.

To Iowa City.

Ed Adams and J. W. Pierce, Normal students, will leave Wednesday for Iowa City, Ia., where they will canvass the state university for the set of books, "School Method." Mr. Adams and Mr. Pierce have been working in local territory for the past few days and have had decided success with the sale of their books.

John Shaw of Old Conception was in Maryville Wednesday.

TWELVE DIE IN WRECK

New Haven and Hartford's Express Plunges Down Embankment.

Bridgeport, Conn., July 12.—Twelve bodies in the morgue, fourty-four injured in the hospitals, and a mountain of junk at the foot of a twenty-foot embankment at the western end of the city, tell the tale of the worst wreck in fifty-eight years' history of the New York, New Haven and Hartford railroad.

Although the accident happened to the Federal express just before dawn and the coroner's office has been busy answering telephone and telegraph queries from all parts of the country, four of the dead, two men and two women, remain unidentified. The others are: C. W. Christie of Philadelphia, George E. Saunders of Norwich, Conn.; Mrs. Gwendolyn F. Rogers and her seven-months-old daughter, Mrs. Helena B. Walcott of Washington, seven-year-old son of Mrs. Louise Hartman of Newfield, N. J., who is in a very serious condition at the hospital; A. M Curtis of New York, engineer of the train; W. A. Ryan of New York, fireman.

A new "cross over" installed on the Burr road viaduct and embankment on the western outskirts of the city was indirectly responsible for the accident.

Three Pullmans were almost completely crumpled up, but appearances were that the passengers were in a measure protected by the strength of the cars.

FIVE DEAD IN RAIL WRECK

Loss of Life Goes With Sun Kink on Oregon Trunk Line Track.

The Dalles, Ore., July 12.—The wreck of a passenger train on the Oregon Trunk railroad, twenty-three miles north of Sherar's bridge, has resulted in five deaths. Twelve other persons are seriously injured.

The dead: Louis Rising of Warm Spring Indian school, Mrs. Louis Rising, Mrs. J. W. Rasmus of Ellsworth, Wis.; Mrs. C. H. Baker of Sheridan, Ore.; S. T. Arthur of Seattle, Wash.

The serious injuries were caused by escaping steam. One passenger coach fell on top of the engine, which went over a forty-foot embankment.

The wreck was caused by a "sun kink," the rails having spread under the rays of the sun.

Hoke Smith Goes to Senate.

Atlanta, Ga., July 12.—Governor Hoke Smith will go to the United States senate to fill out the unexpired term of the late Senator A. S. Clay. A total of 127 votes was cast for Governor Smith in the two houses of the general assembly. A vote of 115 is necessary on a joint ballot.

Alderman's July Clearance Sale

Next Saturday will see the start of our 29th Clearing Sale. Twice each year we hold these sales in order to adjust stocks before inventory time. No other sales compare with these in the extent of the reductions or in the quantity of the merchandise involved.

Every section of the store is vitally concerned in this Clearing. Every stock must be at the lowest possible point because we would rather count the boiled-down worth of short lots, loaded stocks, etc., in real money than in goods.

In reality cost plays but little part in the marking of goods for the Clearance Sales. It's merely a matter of what price will move them at once, for slim stocks mean an ideal condition for next season.

Tomorrow's papers will carry, in greater detail, a further announcement of the Clearing Sale. Two pages have been crowded full of items ---and there are hundreds that have been left out.

It's bargain time indeed!

The 29th Clearance Sale starts next Saturday and continues until the end of this month.

St. Louis Live Stock Market.

National Stock Yards, Ill., July 11.—Cattle receipts, 11,500. Large proportion of natives. Market on all steers selling at $5.85 and above steady. Cattle from $5.85 down to $5.40, 10@15c lower than the close of last week. We are having pretty liberal runs of light fleshed grass cattle, that kind being driven to market on account of the drouth, and unless we have gen ral rains in the near future the market will be flooded with that class of cattle and they will sell much lower. The same declines apply to all kinds of butcher stuff; the commoner the kind the more severe the break.

Hog receipts, 11,500. Market 5@10c lower; top, $6.75.

Sheep receipts, 6,000. Market opened steady; closed 25c lower. Best lambs, $6.75.

MORE HAIR FOR MEN, WOMEN, CHILDREN.

The Koch Pharmacy Has the Secret and Gives It to the Readers of The Democrat-Forum.

To properly treat the hair so that it will grow abundantly and luxuriantly, one should first banish dandruff and stop falling hair and itching scalp. This can easily be done with Parisian Sage, sold by the Koch pharmacy with an absolute guarantee to cure dandruff, to stop all falling hair and itching scalp, or money back.

It cures dandruff by killing the germs, and it kills them so promptly that the most skeptical give it praise.

But Parisian Sage is more than a cure for dandruff—it will make hair grow on any head where the hair bulb is not altogether dead.

And we want every reader of The Democrat-Forum to know that Parisian Sage is the most delightful hair dressing in the world. It is so pleasant to use, and its effect is so invigorating that it causes the hair to become lustrous, facinating and full of life.

Large bottles only 50 cents at the Koch pharmacy and druggists everywhere. Girl with Auburn hair on every package.

The Beautiful Heiress.

The beautiful heiress fanned herself.

"No," she said firmly, "I will not marry the prince."

"Please do, Mabel," urged her mother. "His hair just matches our new drawing room furniture.'

"Aw, go on!" said her brother. "It'll take me at least two years to learn to roll cigarettes the way he rolls 'em."

But the beautiful heiress was adamant.

"No," she said. "No, non, nien." She spoke three languages.

"Why?" asked her mother, "It is because he hasn't asked you?"

"Why?" asked her mother. "Is it simply because the man's 67 years your senior?"

"It's because," explained the beautiful heiress, "he had heart failure when I accepted him. E'en now his body lies behind the couch, very, very dead, I am sorry to say."

The beautiful heiress fanned herself.—Philadelphia Times.

The Thoughtful Wife.

A tramp went to a farmhouse and, sitting down in the front yard, began to eat at the grass.

The housewife's heart went out to him.

"Poor man, you must indeed be hungry. Come around to the back."

The tramp beamed and winked at the hired man.

"There," said the housewife when the tramp hove in sight, pointing to a circle of green grass. "Try that; you will find that grass so much longer."—Ladies' Home Journal.

ST. LOUIS WINS BALLOON RACE

Only Craft Still in Air Are From Missouri City.

TOPEKA II RISES HIGH IN AIR.

Big Bag Ascends So Far That Aeronaut's Aide Is Rendered Unconscious—Valve Sticks and Pilot Pulls Rip Cord to Let Gas Escape.

Kansas City, July 12.—To St. Louis balloon pilots falls the right of joining Alan R. Hawley in defending the honor of the United States in the James Gordon Bennett cup race, which will start from here Oct. 5.

This was decided when six of the balloons which started from here in an elimination race to select two entrants for the Bennett contest were reported landed. The two leaders in the race are the St. Louis IV. and the Miss Sophia, both of St. Louis. The only other balloon still in the air is the Million Population club, and it too is from that city.

The location of the Million Population club balloon is unknown. Not since it passed over Moline, Ill., going at a rapid pace and traveling high, has the aerial craft been heard from. It was then headed northeast. Fear is expressed lest it may have started across Lake Michigan.

Lahm Makes Long Flight.

Thus far Lieutenant Frank P. Lahm, who piloted the St. Louis IV., has made the longest flight. He landed three miles southeast of Lapaz Junction, Ind. The distance from here to his landing place is approximately 525 miles. Like several other aeronauts, Lahm was caught in a storm. His descent was made without accident.

The balloon Missouri, which left here in an attempt to break the distance record of 40,000-foot ballons, came down near Coal City, Ia., about 145 miles from this city. A message from J. Cowan Hulbert said his aid, Henry Weber, and he landed safely, but encountered a storm. They failed to touch the record, which was 325 miles.

The New York, the Buckeye and the Kansas City were also forced to descend because they encountered a severe thunderstorm.

The New York landed at Fremont, Ia., and the Kansas City at Lindy, Ia.

Topeka II. Rises High in Air.

The balloon Topeka II. landed three miles west of La Harpe, Ill., after a series of thrilling adventures so many thousand feet above the earth that the recording instrument carried by Pilot Frank M. Jacobs was unable to fix the distance.

So high did the balloon fly that Ralph Emerson, aid, was rendered unconscious.

The high ascent was due to a valve in the balloon sticking and making it impossible to release some of the gas which the hot rays of the sun were rapidly expanding. When Jacobs realized that quick action was necessary, he pulled the rip cord gently. The gas escaped, and Jacobs and Emerson were soon on the ground.

ALASKAN PROBE STARTS

House Committee Decides on Sweeping Investigation.

Washington, July 12.—An inquiry into Alaska's industrial development, second in importance only to the Ballinger-Pinchot investigation, will be inaugurated today by the house committee on expenditures in the interior department, according to altered plans of that committee. Instead of having Miss M. F. Abbott tell the story of the now famous "Dick to Dick" letter, the committee will examine government officials on general conditions in the territory.

Taft Decides Against Arizona Recall.

Washington, July 12.—Fresh from a conference with President Taft, Chairman Smith of the senate territories committee, gave notice of an amendment to eliminate the judiciary recall provision in the Arizona constitution and said that if the resolution is adopted as it passed the house, it would be vetoed.

Atwood Finishes Flight to Capital.

Washington, July 12.—Tired and hungry, but otherwise showing no effects of their trip from Stemmer's Run, Atwood and Hamilton alighted from their aeroplane at College park, near this city. They had covered about forty miles at an average altitude of 600 feet.

Heavy Frost at Deadwood.

Deadwood, S. D., July 12.—A heavy fall of frost in the night is reported within a radius of ten miles. A number of truck farmers say their gardens were ruined. The frost lay as white on the ground as on a November morning.

Misses Conrad and Graham Are Held.

New York, July 12.—Ethel Conrad and Lillian Graham, who on June 6 shot W. E. D. Stokes, the millionaire, in their apartment, were held in $5,000 bail for the grand jury on a charge of felonious assault.

Russian Dreadnought Launched.

St. Petersburg, July 12.—The Poltava, the second of the four battleships of the dreadnought type laid down in June, 1909, was launched at the admiralty dock yard.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Maryville People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles and dropsy follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the safe remedy, Doan's Kidney Pills, which has cured people right here in Maryville.

T. J. Clayton, South Dewey street, Maryville, Mo., says: "I suffered from pains in my back for some time and I was also bothered by irregular passages of the kidney secretions. Learning of Doan's Kidney Pills, I procured a supply at Charles A. Love's drug store and upon using them I was relieved. During the seven years that have since elapsed I have remained practically free from kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

SCHOOL TOPICS ARE DISCUSSED

Pedagogical Problems to Front at Educational Meeting.

HIGH SCHOOL REPORT MADE.

Broad Vocational Instruction Recommended in Order to Prepare Young Students for Efficiency—Factor for Democracy.

San Francisco, July 12.—Departmental meetings, at which the technical side of pedagogical problems were lectured upon and discussed by experts, occupied delegates of the National Educational association.

Perhaps the largest attendance gathered at the joint session of the kindergarten, elementary and special educational departments, where the "school laggard" was the subject of discussion. Luther H. Gulick, director of child hygiene of the Russell Sage foundation, New York city, drew conclusions from his study of retardation in New York and was followed by S. L. Heeter, superintendent of schools of St. Paul, H. H. Goddard of the New Jersey school for feeble minded children, and G. W. A. Luckey of the University of Nebraska.

Animated discussion followed the presentation of new plans for college admission by Harvey N. Davis of Harvard and Otis W. Caldwell of the University of Chicago. The standardization of college entrance requirements was the question involved.

High School Great Arena.

Declaring that "The high school today is the arena in which our greatest educational problems should be worked out," the department on high schools presented its report.

The report was in line with the request made last year by the department on high schools, that the colleges revise their entrance requirements in such a way that the high schools might meet modern needs.

Formulated by a committee of nine educators, the report cites the criticism of the Carnegie foundation that American education, from elementary school to college, is suffering from the attempt to teach too many subjects to the same student at the same time.

Considering some of the special functions of the high school, the report says:

"The high school must instruct every student in the elements of good citizenship. This duty cannot be delegated to the college because there is no guarantee that any particular student will actually go to college.

"High school courses must be flexible, for the high school period is the time for the youth to discover his bent.

"Broad vocational instruction should find place in the high school to prepare for efficiency.

"Mechanics, arts, agriculture or household science should be recognized as rational elements in the education of all boys and girls and especially those who have not as yet chosen their vocations.

"High school attendance in this country has increased almost fourfold in the last twenty years. If the college will recognize the true function of the high school, this marvelous growth will continue unabated and the American high school will become an institution unparalleled as a factor for democratic living. It is doubtful whether any nation ever before possessed such an opportunity."

RECIPROCITY NEARLY BROUGHT TO VOTE

No One Ready to Speak and Insurgents Secure Delay.

Washington, July 12.—An attempt to secure an agreement to vote on the Canadian reciprocity bill July 19, the free list bill July 20 and the wool tariff bill July 21 was made in the senate by Senator Watson (W. Va.). The motion was lost on objection by Senator Cummins.

Immediately after the consideration of the Watson agreement for a vote a minor amendment, offered by Senator Cummins, was voted down. No one was ready to speak and the opponents of reciprocity were confronted with the prospect of the immediate and summary passage of the bill.

Senator Cummins said he knew that Senators La Follette and Bristow, absent from the chamber, wanted to offer emendments. Cummins said it was unreasonable to ask for immediate passage.

Senator Nelson made a point of no quorum, and the insurgents sent out a hurry call to absent colleagues.

Chairman Penrose then announced that as a test of the good faith of those who said they did not want to delay matters he would again request an agreement to vote on the reciprocity bill July 24, free list July 26 and wool revision bill July 28.

Senator Bristow, who had rushed into the chamber, objected.

Off for the Lakes.

Mrs. W. L. Robb and daughter, Miss Edna, of Hopkins, were in Maryville a short time Tuesday evening, and left over the Wabash for a trip to the Michigan lakes. They were accompanied to Maryville by Miss Gertrude Brown of Hopkins, who is the guest of Miss Bernice Wells, a State Normal student.

What Not to Do With Lemon.

We read of scores of uses of the lemon, but I have learned to my sorrow what not to do with it. Do not cut a lemon on marble, oilcloth, porcelain or enamel, or allow the juice to stand on those places.—Good Housekeeping Magazine.

Returned to Kansas City.

Little Miss Edna Daniels, who has been visiting her grandmother, Mrs. M. T. Barker, five miles north of Maryville, left Wednesday evening for her home in Kansas City.

Left for Oklahoma.

Miss Bessie Sechrist, who has been a guest at "The Cedars," the country home of her grandmother, Mrs. Richard Conway, west of Maryville, several months, left Wednesday morning for her home in Lawton, Okla.

Miss Frankie Masters went to Ravenwood Wednesday to visit Mrs. Leslie Rhoades and other friends.

GRANDMOTHERS' BEAUTIFUL HAIR

Color and Beauty of the Hair Preserved with a Harmless Remedy Made from Sage.

Druggists everywhere comment on the fact that they are selling large quantities of sage for making old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair, making it fluffy and beautiful and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations, called Wyeth's Sage and Sulphur Hair Remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Idle Capital is an Extravagance

no community can afford; to do anyone a benefit it must be kept moving and to do the most good it should seek legitimate channels. Then let us divorce ourselves from the prevailing "get rich quick" fever and get back to the good ways of our forefathers. Put your money into something at home, where it will HELP YOUR HOME TOWN and enhance the other interests you may have. Why not build a home? There's no satisfaction like that borne of the knowledge you own a home, Start it today and tomorrow you'll awaken with a feeling of independence like that of 1776. Of course you'll need lumber, but we can quickly help you out, as our stock is complete and most orders can be filled the day we get them.

DAILY DEMOCRAT-FORUM

(Successor to the Maryville Republican)

VOLUME 2. MARYVILLE, MISSOURI, WEDNESDAY, JULY 12, 1911 NO. 33.

CAN NOT GAIN MUCH

REFERENDUM VOTE WILL NOT SAVE SENATE TO REPUBLICANS.

KANSAS CITY WOULD LOSE

One Senator Less for Hadley's Home if Republicans Push the Matter.

Jefferson City, Mo., July 11.—The assertion of Republican officials that the rearrangement of the state senatorial districts effected by the attorney general and secretary of state, without the approval of Governor Hadley, is notoriously unfair, is being repeated again after a long rest. No new issues are presented. It is again asserted, because Governor Hadley will not issue a proclamation announcing the new districts, Senators cannot be elected to the next legislature under the new district lines.

The constitution provides that when the legislature fails to redistrict the state senatorial districts following the completion of the national census, the governor, the attorney general and the secretary of state shall do so. As a matter of fact this has been done by these officials for the last thirty years. This time the governor, being a Republican, refused to act with the two Democratic state officials. The attorney general and the secretary of state made the proceedings a matter of official record. Now Governor Hadley is threatening litigation and the submission of a redistricting plan under the initiative and referendum.

It seems improbable the Republicans can gain much, regardless of the result. Even if an initiative and referendum plan should be adopted, it could not apply to the next general election, and if the courts should hold that the attorney general and the secretary of state did not have the power to rearrange the districts in the absence of a proclamation from the governor, then the next election for state senators will be held under the old arrangement of 1900, and this would not prove objectionable to the Democrats, as they probably would still control the senate. It would, however, cut Governor Hadley's town, Kansas City, out of an extra senator.

A supreme court ruling could be obtained through prohibition proceedings against the secretary of state to prevent him from certifying the new districts when the election blanks are sent to the counties next year.

Attorney General Major said today he was not advised as to what course Governor Hadley intends to pursue. The constitution, he said, makes it the duty of the Governor to issue a proclamation announcing the new districts, and this he has not done. A mandamus suit will not lie against the governor, the attorney general went on to explain, so there is no way to compel him.

Although the Democrats polled 55,000 votes in the city of St. Louis at the last general election, yet they did not elect a single member of the lower house of the legislature out of sixteen. These 55,000 Democrats had no representative in the house from St. Louis, while 79,000 Republicans had sixteen representatives. The circuit judges of the city of St. Louis rearrange the representative districts.

SUPERINTENDENT OF GOOD CITIZENSHIP

J. B. HILGERT BURIED HERE WEDNESDAY

The body of John Baptust Hilgert, who died in St. Joseph Monday night at the home of his son, Michael Hilgert, was brought to Maryville Wednesday noon on the Burlington, and Father Anselm of St. Mary's church, of which the dead man had been a member many years, performed the last rites, and interment took place in St. Mary's cemetery, beside his wife.

John Baptist Hilgert was born September 16, 1814, in Eleringen, Luxemburg, Belgium. When an infant he had the distinguished honor of having been held in the arms of Napoleon Bonaparte. The incident happened just after one of the great general's memorable battles, when he was forced to flee with a small escort. The father of the child was a follower of Napoleon, and when the warrior stopped at the Hilgert home for rest and food, the head of the family was absent. The French general was disguised and the housewife informed him that she could not prepare the food until her baby stopped crying. It is related that Napoleon thereupon seized the child and lulled it to sleep, while the mother prepared the meal. When the father returned Napoleon was at once recognized by him.

Mr. Hilgert was hoffmaster, or estate manager, for Baron Von Sassenheim for a number of years. The baron's castle has attracted considerable attention lately on account of the fact that a princess of Belgium purchased it for her home. Upon the death, Hilgert, with his wife and family, came to America and located in Nodaway county, Missouri, where he purchased a section of land. The house which he built with timber hauled from Savannah is yet standing. After farming for twenty years, he removed to Maryville. Bishop Marty of South Dakota, who was known as "the friend of the Indians," took many a meal at the Hilgert farm house on his trips overland. Mr. Hilgert's wife died soon after removing to Maryville, and he had since made his home with his son, Michael, in St. Joseph.

Mr. Hilgert was remarkably hale and hearty for a man of his years and had remarkable control of his faculties up to the time of his death. His descendants all lived to advanced ages. His mother died at 99, one brother at 102, and another at 94.

Surviving are a daughter, Sister Mary Mechtilda of the Benedictine convent, at Conception, Mo., and three sons, Nicholas of Sheldon, Neb.; Joseph of St. James, Mo., and Michael Hilgert of St. Joseph. Twenty-three grandchildren and seventeen great-grandchildren also survive.

COURT WILL DIG WELLS AT FARM

County Judges Thornhill, Thompson and Blackford went to the county poor farm Wednesday morning to look over the place and see about digging some new wells. The county farm is out of water.

The court made an order Tuesday afternoon cutting out the following from the pauper list, and no more goods will be furnished them: William Davis, Mrs. Skinner, Murphy and Yoder and Tom Holmes of Maryville; Mrs. Flowers of Hopkins, M. McGee, Hopkins; Mrs, Emenes, Graham; Mrs. Thornton, Graham; Mrs. Shores, Guilford; Mrs. Ryan, Clyde.

The court intended to adjourn Tuesday evening, but the county farm being out of water caused them to spend the day Wednesday looking over the place.

TWO APPOINTMENTS BY PROBATE JUDGE

Charles H. Eaton returned to his home in Barnard Tuesday evening, having been here since Monday noon at the home of his daughter, Mrs. U. I. Wilson, where his son, G. R. Eaton, is sick of typhoid fever.

TO SHUT OFF WATER

COUNCIL ORDERED COMPANY TO TURN WATER FROM MAINS.

TO GIVE PARTIAL SERVICE

From 7 to 9 a. m. and From 5 to 7 p. m. Consumers Can Use Water.

A special meeting of the city council was held Wednesday morning, the purpose of the meeting being to discuss the water situation, which is becoming more serious day by day. Manager Beal Roseberry of the City Water company was present and told the members of the council that the water supply is getting very low and that the council should make an order cutting off part of the service.

The light rains yesterday and last night did not help the situation here. It will take nearly a five or six inch rain to improve it.

The city council, after discussing the conditions, made an order that the City Water company turn on water for general use from 7 to 9 in the morning and from 5 to 7 in the afternoon, starting Thursday. All the water that will be saved by cutting off the service part of the day will be pumped to the tower, where it will be saved for fire protection.

The action of the city council was necessary at this time so as to have enough water on hand for fire protection.

Mayor Robey said this morning that the water pumped into the tower would be kept available for instant use in case of fire, and that the city was determined to keep the fire pressure at a point where it would enable the fire company to do efficient work if a fire should break out. The council will give the insurance companies no chance to cancel policies on the score of insufficient fire protection.

The two old wells uptown that have been cleaned out will be ready in a day or so.

The order of the city council on the water company will have some effect on nearly every business in the city. The Everhart ice plant, which manufactured ice, will have to close down a part of the day, and the supply of ice on hand will not last for a very long time. Then the Maryville Steam laundry will be up against it, and probably all the work they will do will be to launder shirts and collars.

All restaurants where they keep soda fountains will have some trouble.

The Maryville Electric Light company will also shut down for part of the day, owing to the water shortage. The light service will be discontinued from 11 p. m. until 8 a. m., beginning tonight. Day service in the residence district will be discontinued until further notice. For the present the light company will be able to accommodate motor customers in business districts.

The situation in Maryville at the present time is the worst we have had. Unless heavy rains come soon it will become more serious.

Mrs. Ben Litts of St. Joseph is the guest of her daughter, Mrs. Harl S. Holt, and family.

JOHN T. WELCH DEAD

PROMINENT CITIZEN PASSED AWAY WEDNESDAY.

WAS CIVIL WAR VETERAN

Funeral Will Be Held Friday, Conducted by Masonic Orders of the City.

John T. Welch, for many years a prominent business man of Maryville, passed away at his home, 307 West First street, at 10 o'clock Wednesday morning, of kidney trouble. He had been confined to his home only about ten days.

Mr. Welch was a member of the hardware firm of Hudson & Welch, his partner, W. H. Hudson, being the pioneer hardware merchant of our city.

The funeral will be strictly Masonic, the services to be held at the family home at 2:30 o'clock Friday afternoon, conducted by Nodaway lodge, No. 470, A. F. and A. M. Burial in Miriam cemetery.

Mr. Welch had been in poor health a good many years, owing to the hard service he experienced in the civil war, and was subject to severe sick spells. But through all the years of suffering he worked diligently away, was successful, and carried the gospel of good cheer wherever he went, at home and every other place. He was kind hearted and sympathetic toward all who needed kindness and sympathy. His wisdom in matters of business made him a safe counsel, and his advice in financial affairs in years gone by made many men of our city and county safe and prosperous.

Mr. Welch was born in McDonough county, Illinois, June 30, 1842, and grew up there and in Hancock county, where he attended the public schools. His parents were both natives of Kentucky. In April, 1861, he responded to the first call for troops by President Lincoln for ninety days' service in Company D, Sixteenth Illinois Volunteer infantry. On the 24th of May, 1861, they re-enlisted for three years, and December 23, 1863, enlisted as veterans. He took part in the battles of Stone river, Chickamauga, the Atlanta campaign, went with Sherman to the sea and back to Washington, where he took part in the grand review. He was mustered out at Louisville, Ky., and his command was disbanded at Springfield, Ill., in June, 1865, after four years and two months of service.

On the 5th day of September, 1866, he married Miss Martha Cassity, a native of Sangamon county, Illinois, and settled on a farm, and expected to follow the business of farming and stock raising. But his health was broken by his army service and he was compelled to give up such rigorous life, and moved to Auburn, Ill., and engaged in the grocery business, and later was a grain merchant there.

In 1876 he brought his family to Maryville and settled, and became a partner in the grain business with I. J. and Elisha Poley. Elisha Poley died in June, 1880, when L. A. Bariteau became his partner, continuing for several years.

In 1888 Mr. Welch was elected treasurer of Nodaway county on the Republican ticket, succeeding George W. Snapp. He was succeeded to that office in 1890 by Elihu Jones.

After his term as county treasurer Mr. Welch went to the Nodaway Valley bank as its cashier, under the presidency of its founder, the late Theodore L. Robinson, father of that bank's present president, James B. Robinson. Mr. Welch was also elected a director of the bank, and continued a director until the time of his death.

Mr. Welch remained cashier of the Nodaway Valley bank until the fall of 1898, when he made the race for the office of recorder of Nodaway county, to which he was elected, and was the only Republican elected in the county that year. At the close of his term of office, which was four years, he bought out the city bus line business of James Carter, but later sold out to E. H. Bainum, the present owner.

Five years ago Mr. Welch became a partner with W. H. Hudson in the hardware business, buying out Mr. Hudson's former partner, Arthur A. Leet, and was actively engaged in the business until he was taken ill ten days ago.

Mr. Welch was a prominent Mason and was a member of Nodaway lodge, No. 470, A. F. and A. M. since he came to Maryville.

Eight children were born to Mr. and Mrs. Welch, four of whom survive: Edwin M. Welch, with Marshall Field of Chicago; Harry K., Mabel Earl, Jessie C. and John A., who died of diphtheria in less than a week's time, in June, 1881; Nellie E., the wife of Dr. Fay Allen of Roswell, N. M.; J. Helen Welch and Blanch Marguerite Welch, at home.

A NORMAL OUTING

TEACHERS AND PUPILS TO GO TO CONCEPTION ABBEY.

WILL LUNCH IN GROVE

Special Cars on Wabash Will Convey Party to Clyde—Will Return in the Evening.

Tomorrow, Thursday, morning nearly all of the teachers and pupils of the Normal school will leave on the 10:52 Wabash to spend the day at Conception convent and abbey.

A letter received by President Taylor this morning from Father Placidus states that everything is in readiness to make the day most delightful and profitable. A good rain of an inch and a half fell yesterday and last night at Conception, which will add very much to the pleasure of the occasion.

The party will go to Clyde and stop for lunch in the grove at the convent. It will visit the convent and the beautiful chapel which Father Luke, the architect, will fully explain. This is one of the most beautiful and costly little chapels west of the Mississippi river. The printing plant carried on by the Sisters, which is a model of equipment and neatness, will be visited, and other places of interest at the convent will be explained.

At the monastery Father Placidus will deliver a short address in the cathedral, explaining the origin of the abbey, and Father Charles will give an organ recital. Other interesting features will occupy the time of the afternoon. The party will return on the train leaving Conception at 6:35. In addition to those who will go from the school, any friends who would like to go may be included in the party if they will report to the office of President Taylor at the Normal school before 5 p. m. today.

Knights Templar Attention

The Sir Knights of Maryville commandery, No. 40, are ordered to assemble at the asylum, in Masonic hall, at 1:30 o'clock, Friday, July 14, to attend the funeral of our deceased frater John T. Welch.

FOUNTAIN SHIPPED

LETTER FROM HUMANE SOCIETY SECRETARY SO STATES.

COUNCIL WILL PLACE IT

Permission Given to Choose Location Acceptable to the City—Will Cost Over $2,000.

Maryville will get her animal drinking fountain, which the local Humane society has been after for some time. The fountain has been ordered shipped here.

The following letter was received Wednesday by Mrs. E. G. Orear, secretary of the local society, from Lewis M. Seaver, who is secretary of the National Humane Alliance:

"Under same date as your latest letter, I received a letter from Mayor Robey stating that it was desired to change the location of the fountain. I have no objection to that if the people desire it. I am writing Mayor Robey to that effect and have ordered the fountain shipped. Yours respectfully, Lewis M. Seaver."

The animal drinking fountain is a thing of beauty and will cost the city nothing except to keep it in condition and supply it with water. The cost of the fountain is about $2,200, and the National Humane Alliance placed twenty or more of these fountains each year in different towns over the United States, free of charge. A wealthy eastern man left an estate some years ago for this purpose.

The local Humane society and Mrs. Orear deserve great praise for getting the fountain for Maryville. They have been working hard for it.

GOOD RAINS FELL IN PARTS OF COUNTY

A nice little rain fell in Maryville early Wednesday morning. The rainfall was .22 of an inch. This is the best rain Maryville has had for a month or so.

A good rain also fell in other parts of the county. At Skidmore and in the southwest part of the county about an inch of rain fell. At Ravenwood and Parnell just enough rain fell to settle the dust.

A heavy hail is reported to have fallen at Bedison, doing some damage to corn.

The Burlington conductor on this morning's Burlington train reported that it rained from Creston all the way down the Burlington about as much as it did at Maryville.

KANSAS CITY AUTO TOURISTS IN TOWN

Dr. and Mrs. William Wallis, Jr., had Kansas City guests all day Tuesday. They are old friends of Mrs. Wallis, who are making a trip to the north in a Columbia touring car. The party included Mr. and Mrs. Grant Simpson and Mrs. Simpson's mother, Mrs. McConnell, and Mr. and Mrs. Roy King. They left Tuesday night for Sioux Falls, S. D., in Mr. Simpson's car, and will later visit Michigan lakes.

COMMERCIAL CLUB HAD MEETING TUESDAY

Business was very lax at the Commercial club meeting Tuesday night, and aside from an informal discussion of the Chautauqua and the Saints Highway, nothing was done.

The Chautauqua was the chief topic of discussion, and Prof. Landon stated that all arrangements were completed and everything was ready to start on an active campaign of advertising and for the sale of tickets. The program books will be issued the last of this week and will be distributed to every home in Maryville and over the surrounding rural routes. The tickets will probably be placed on sale Monday, July 17. One thousand of these tickets will be placed with the committee for sale and will be disposed of at $1.50 each until the 5th of August, when the price will go up.

A slight discussion as to the assessment and payment of dues on the Saints Highway furnished the only other part of the active business of the meeting.

Miss Mattie Hudgens of St. Joseph arrived Wednesday to visit Mrs. C. C. Myers, south of Maryville. She came from Burlington Junction, where she had been visiting her sister, Mrs. Bert Barrett.

Dinner Guests.

Mr. and Mrs. Guy Airy and daughter, Virginia, of Okmulgee, Okla., were dinner guests of Mr. and Mrs. Emery Airy Wednesday.

Gave a Picnic.

The "Jolly Six" gave a picnic in the Franklin school grove Tuesday evening in honor of Miss Ruth O'Malley, of Albany, Mo., who is the guest of little Marian Sanders. They had planned to go to the Normal grove, but their picnic drew the rain and kept them closer in town.

Those present were Misses Mary Ford, Ruth O'Malley, Mary Lewis, Vella Booth, Inez Riggs, Amy Clark, Grace Parle, Olivette Godsey, Ada Diss, Virgil Merrill, Kathleen Wells, Opal Nicholas, Greta Kemp, Lucile Holmes, Brownie Helpley, Irene Westfall, Marian Sanders, Blanche Gray, Marguerite Cummins, Laura Craig, Margaret Foster, Mary Foster, Ruby Irwin, Helen Rowley, Mary Brady, Bernice Duncan.

Social at Arkoe.

The Methodist ladies of Arkoe will give an ice cream social Saturday night, July 15th. The public is cordially invited.

For Oklahoma Girl.

A picnic supper was given Monday evening at Normal park in honor of Miss Bessie Sechrist of Lawton, Okla., who has been spending the summer here with her grandmother, Mrs. Richard Conway. She left for her home in Lawton Wednesday morning. After the picnic supper the young ladies attended the picture show at the Empire theater. Beside the honor guest those in the party were Misses Marie Wells, Lucile Airy, Bessie Brown and her guest, Mrs. Frank Bright of Bolckow, Emma Kildow, Helen Young, Josephine Keeler and Anice Ingerson.

BARNARD.

W. A. Gardner, the hospitable hotel proprietor, is putting in a fine cement walk in front of his hotel, also other general improvements.

Two new cement crossings have just been completed, one in front of the Barnard State bank and one in front of Hargrave's drug store.

Rev. Thompson was out orating in the harvest field a couple of days this week. Let the good work go on.

Dr. M. M. Pollard sent his auto tires back to the factory for repairs, and is riding behind a special delivery team.

Mrs. Arthur Hazelwood started for California yesterday morning. Her health has been gradually failing for some time, and a change of climate is advised by her physician.

It rained in Barnard, and D. A. Pollard lost his mustache.

Arthur Hazelwood accompanied his wife as far as Kansas City.

P. J. Hainey, our genial attorney, has quit prophecying.

Big hearted Sam Conlin took W. Curnutt and George Blagg on their maiden auto ride to Bolckow and return last evening.

Dr. M. M. Pollard has just moved upstairs to his new office rooms in the new McMillan building.

Dr. O. F. McMillen, our hustling dentist, has just got located in his new rooms, and they are simply fine.

Is Teacher in Kansas.

Will Jones of Winfield, Kan., is in Maryville the guest of his aunt, Mrs. J. H. Tarpley, and family, 307 North Mulberry street. He will also visit his brother, Glen Jones, and family, living seven miles west of Maryville. Mr. Jones has been engaged in teaching, but will attend school the coming year at Salina, Kan.

Her Aunt Very Ill.

Mrs. Marvin Boyles returned to her home in Barnard Tuesday evening from a few days' visit with her sisters, Misses Gertrude and Rebecca Miller, and her aunt, Mrs. George S. Miller. Mrs. Miller has been dangerously ill of erysipelas, but is now improving.

Miss Lora M. Moss, the daughter of Mr. and Mrs. J. W. Moss of Ravenwood, was the winner in the piano contest put at that place by Mr. Kaufman and the Ravenwood Gazette. The vote stood as follows: Miss Moss, 1,846,125; Miss Effie Willis, 1,099,871; Miss Edith Craig, 1,077,590.

MRS. BINGAMAN DIED WEDNESDAY

Mrs. Fred Diss received a message Wednesday forenoon announcing the death of her mother, Mrs. Alvin Bingaman, Sr., of Burlington, Kan., at 7:30 o'clock Wednesday morning. The body will be brought to Maryville for burial.

Will Go to Meadville.

Mrs. Henry Cook, agent for the Spirella corset in Maryville and vicinity, will go to Meadville, Pa., the first of August to attend a training school in session there August 1 to 10, for the agents of the Spirella corset. Mrs. Cook has been the agent here for the past three years and has given time and money to perfect herself for a perfect corsetiere.

Mrs. R. F. Sharp of Raton, N. M. is visiting her sister, Mrs. C. A. Thomas at Skidmore. Mr. Sharp will join her at Skidmore and they will go to Chicago and other eastern points before returning to their home. Mrs. Sharp is a daughter of Mr. and Mrs. S. P. Smith, old residents of Maryville, who are residing now in Clovis, N. M.

Mr. and Mrs. Lin Brown, who have been visiting Mr. Brown's sister, Mrs. John T. Yates, left for their home at Des Moines, Ia., Wednesday. They also visited relatives at Kansas City, Siloam Springs, Ark., and Iola, Kan.

To Iowa City.

Ed Adams and J. W. Pierce, Normal students, will leave Wednesday for Iowa City, Ia., where they will canvass the state university for the set of books, "School Method." Mr. Adams and Mr. Pierce have been working in local territory for the past few days and have had decided success with the sale of their books.

John Shaw of Old Conception was in Maryville Wednesday.

TWELVE DIE IN WRECK

New Haven and Hartford's Express Plunges Down Embankment.

Bridgeport, Conn., July 12.—Twelve bodies in the morgue, fourty-four injured in the hospitals, and a mountain of junk at the foot of a twenty-foot embankment at the western end of the city, tell the tale of the worst wreck in fifty-eight years' history of the New York, New Haven and Hartford railroad.

Although the accident happened to the Federal express just before dawn and the coroner's office has been busy answering telephone and telegraph queries from all parts of the country, four of the dead, two men and two women, remain unidentified. The others are: C. W. Christie of Philadelphia, George E. Saunders of Norwich, Conn.; Mrs. Gwendolyn F. Rogers and her seven-months-old daughter, Mrs. Helena B. Walcott of Washington, seven-year-old son of Mrs. Louise Hartman of Newfield, N. J., who is in a very serious condition at the hospital; A. M. Curtis of New York, engineer of the train; W. A. Ryan of New York, fireman.

A new "cross over" installed on the Burr road viaduct and embankment on the western outskirts of the city was indirectly responsible for the accident.

Three Pullmans were almost completely crumpled up, but appearances were that the passengers were in a measure protected by the strength of the cars.

FIVE DEAD IN RAIL WRECK

Loss of Life Goes With Sun Kink on Oregon Trunk Line Track.

The Dalles, Ore., July 12.—The wreck of a passenger train on the Oregon Trunk railroad, twenty-three miles north of Sherar's bridge, has resulted in five deaths. Twelve other persons are seriously injured.

The dead: Louis Rising of Warm Spring Indian school, Mrs. Louis Rising, Mrs. J. W. Rasmus of Ellsworth, Wis.; Mrs. C. H. Baker of Sheridan, Ore.; S. T. Arthur of Seattle, Wash.

The serious injuries were caused by escaping steam. One passenger coach fell on top of the engine, which went over a forty-foot embankment.

The wreck was caused by a "sun kink," the rails having spread under the rays of the sun.

Hoke Smith Goes to Senate.

Atlanta, Ga., July 12.—Governor Hoke Smith will go to the United States senate to fill out the unexpired term of the late Senator A. S. Clay. A total of 127 votes was cast for Governor Smith in the two houses of the general assembly. A vote of 115 is necessary on a joint ballot.

Imperial Council of Mystic Shrine.

London, July 12.—King George has given the award in the Alsop claim to the United States. The award concedes $935,000 to American claimants.

Alderman's July Clearance Sale

Next Saturday will see the start of our 29th Clearing Sale. Twice each year we hold these sales in order to adjust stocks before inventory time. No other sales compare with these in the extent of the reductions or in the quantity of the merchandise involved.

Every section of the store is vitally concerned in this Clearing. Every stock must be at the lowest possible point because we would rather count the boiled-down worth of short lots, loaded stocks, etc., in real money than in goods.

In reality cost plays but little part in the marking of goods for the Clearance Sales. It's merely a matter of what price will move them at once, for slim stocks mean an ideal condition for next season.

Tomorrow's papers will carry, in greater detail, a further announcement of the Clearing Sale. Two pages have been crowded full of items ---and there are hundreds that have been left out.

It's bargain time indeed!

The 29th Clearance Sale starts next Saturday and continues until the end of this month.

Sheep—1,500.

St. Louis Live Stock Market.

National Stock Yards, Ill., July 11.—Cattle receipts, 11,500. Large proportion of natives. Market on all steers selling at $5.85 and above steady. Cattle from $5.85 down to $5.40, 10@15c lower than the close of last week. We are having pretty liberal runs of light fleshed grass cattle, that kind being driven to market on account of the drouth, and unless we have gen ral rains in the near future the market will be flooded with that class of cattle and they will sell much lower. The same declines apply to all kinds of butcher stuff; the commoner the kind the more severe the break.

Hog receipts, 11,500. Market 5@10c lower; top, $6.75.

Sheep receipts, 6,000. Market opened steady; closed 25c lower. Best lambs, $6.75.

MORE HAIR FOR MEN, WOMEN, CHILDREN.

The Koch Pharmacy Has the Secret and Gives It to the Readers of The Democrat-Forum.

To properly treat the hair so that it will grow abundantly and luxuriantly, one should first banish dandruff and stop falling hair and itching scalp. This can easily be done with Parisian Sage, sold by the Koch pharmacy with an absolute guarantee to cure dandruff, to stop all falling hair and itching scalp, or money back.

It cures dandruff by killing the germs, and it kills them so promptly that the most skeptical give it praise.

But Parisian Sage is more than a cure for dandruff—it will make hair grow on any head where the hair bulb is not altogether dead.

And we want every reader of The Democrat-Forum to know that Parisian Sage is the most delightful hair dressing in the world. It is so pleasant to use, and its effect is so invigorating that it causes the hair to become lustrous, facinating and full of life.

Large bottles only 50 cents at the Koch pharmacy and druggists everywhere. Girl with Auburn hair on every package.

The Beautiful Heiress.

The beautiful heiress fanned herself.

"No," she said firmly, "I will not marry the prince."

"Please do, Mabel," urged her mother. "His hair just matches our new drawing room furniture.'

"Aw, go on!" said her brother. "It'll take me at least two years to learn to roll cigarettes the way he rolls 'em."

But the beautiful heiress was adamant.

"No," she said. "No, non, nien." She spoke three languages.

"Why?" asked her mother, "It is because he hasn't asked you?"

"Why?" asked her mother. "Is it simply because the man's 67 years your senior?"

"It's because," explained the beautiful heiress, "he had heart failure when I accepted him. E'en now his body lies behind the couch, very, very dead, I am sorry to say."

The beautiful heiress fanned herself.—Philadelphia Times.

The Thoughtful Wife.

A tramp went to a farmhouse and, sitting down in the front yard, began to eat at the grass.

The housewife's heart went out to him.

"Poor man, you must indeed be hungry. Come around to the back."

The tramp beamed and winked at the hired man.

"There," said the housewife when the tramp hove in sight, pointing to a circle of green grass. "Try that; you will find that grass so much longer."—Ladies' Home Journal.

ST. LOUIS WINS BALLOON RACE

Only Craft Still in Air Are From Missouri City.

TOPEKA II RISES HIGH IN AIR.

Big Bag Ascends So Far That Aeronaut's Aide Is Rendered Unconscious—Valve Sticks and Pilot Pulls Rip Cord to Let Gas Escape.

Kansas City, July 12.—To St. Louis balloon pilots falls the right of joining Alan R. Hawley in defending the honor of the United States in the James Gordon Bennett cup race, which will start from here Oct. 5.

This was decided when six of the balloons which started from here in an elimination race to select two entrants for the Bennett contest were reported landed. The two leaders in the race are the St. Louis IV. and the Miss Sophia, both of St. Louis. The only other balloon still in the air is the Million Population club, and it too is from that city.

The location of the Million Population club balloon is unknown. Not since it passed over Moline, Ill., going at a rapid pace and traveling high, has the aerial craft been heard from. It was then headed northeast. Fear is expressed lest it may have started across Lake Michigan.

Lahm Makes Long Flight.

Thus far Lieutenant Frank P. Lahm, who piloted the St. Louis IV., has made the longest flight. He landed three miles southeast of Lapaz Junction, Ind. The distance from here to his landing place is approximately 525 miles. Like several other aeronauts, Lahm was caught in a storm. His descent was made without accident.

The balloon Missouri, which left here in an attempt to break the distance record of 40,000-foot ballons, came down near Coal City, Ia., about 145 miles from this city. A message from J. Cowan Hulbert said his aid, Henry Weber, and he landed safely, but encountered a storm. They failed to touch the record, which was 325 miles.

The New York, the Buckeye and the Kansas City were also forced to descend because they encountered a severe thunderstorm.

The New York landed at Fremont, Ia., and the Kansas City at Lindy, Ia.

Topeka II. Rises High in Air.

The balloon Topeka II. landed three miles west of La Harpe, Ill., after a series of thrilling adventures so many thousand feet above the earth that the recording instrument carried by Pilot Frank M. Jacobs was unable to fix the distance.

So high did the balloon fly that Ralph Emerson, aid, was rendered unconscious.

The high ascent was due to a valve in the balloon sticking and making it impossible to release some of the gas which the hot rays of the sun were rapidly expanding. When Jacobs realized that quick action was necessary, he pulled the rip cord gently. The gas escaped, and Jacobs and Emerson were soon on the ground.

ALASKAN PROBE STARTS

House Committee Decides on Sweeping Investigation.

Washington, July 12.—An inquiry into Alaska's industrial development, second in importance only to the Ballinger-Pinchot investigation, will be inaugurated today by the house committee on expenditures in the interior department, according to altered plans of that committee. Instead of having Miss M. F. Abbott tell the story of the now famous "Dick to Dick" letter, the committee will examine government officials on general conditions in the territory.

Taft Decides Against Arizona Recall.

Washington, July 12.—Fresh from a conference with President Taft, Chairman Smith of the senate territories committee, gave notice of an amendment to eliminate the judiciary recall provision in the Arizona constitution and said that if the resolution is adopted as it passed the house, it would be vetoed.

Atwood Finishes Flight to Capital.

Washington, July 12.—Tired and hungry, but otherwise showing no effects of their trip from Stemmer's Run, Atwood and Hamilton alighted from their aeroplane at College park, near this city. They had covered about forty miles at an average altitude of 600 feet.

Heavy Frost at Deadwood.

Deadwood, S. D., July 12.—A heavy fall of frost in the night is reported within a radius of ten miles. A number of truck farmers say their gardens were ruined. The frost lay as white on the ground as on a November morning.

Misses Conrad and Graham Are Held.

New York, July 12.—Ethel Conrad and Lillian Graham, who on June 6 shot W. E. D. Stokes, the millionaire, in their apartment, were held in $5,000 bail for the grand jury on a charge of felonious assault.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Maryville People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles and dropsy follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the safe remedy, Doan's Kidney Pills, which has cured people right here in Maryville.

T. J. Clayton, South Dewey street, Maryville, Mo., says: "I suffered from pains in my back for some time and I was also bothered by irregular passages of the kidney secretions. Learning of Doan's Kidney Pills, I procured a supply at Charles A. Love's drug store and upon using them I was relieved. During the seven years that have since elapsed I have remained practically free from kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

SCHOOL TOPICS ARE DISCUSSED

Pedagogical Problems to Front at Educational Meeting.

HIGH SCHOOL REPORT MADE.

Broad Vocational Instruction Recommended in Order to Prepare Young Students for Efficiency—Factor for Democracy.

San Francisco, July 12.—Departmental meetings, at which the technical side of pedagogical problems were lectured upon and discussed by experts, occupied delegates of the National Educational association.

Perhaps the largest attendance gathered at the joint session of the kindergarten, elementary and special educational departments, where the "school laggard" was the subject of discussion. Luther H. Gulick, director of child hygiene of the Russell Sage foundation, New York city, drew conclusions from his study of retardation in New York and was followed by S. L. Heeter, superintendent of schools of St. Paul, H. H. Goddard of the New Jersey school for feeble minded children, and G. W. A. Luckey of the University of Nebraska.

Animated discussion followed the presentation of new plans for college admission by Harvey N. Davis of Harvard and Otis W. Caldwell of the University of Chicago. The standardization of college entrance requirements was the question involved.

High School Great Arena.

Declaring that "The high school today is the arena in which our greatest educational problems should be worked out," the department on high schools presented its report.

The report was in line with the request made last year by the department on high schools, that the colleges revise their entrance requirements in such a way that the high schools might meet modern needs.

Formulated by a committee of nine educators, the report cites the criticism of the Carnegie foundation that American education, from elementary school to college, is suffering from the attempt to teach too many subjects to the same student at the same time.

Considering some of the special functions of the high school, the report says:

"The high school must instruct every student in the elements of good citizenship. This duty cannot be delegated to the college because there is no guarantee that any particular student will actually go to college.

"High school courses must be flexible, for the high school period is the time for the youth to discover his bent.

"Broad vocational instruction should find place in the high school to prepare for efficiency.

"Mechanics, arts, agriculture or household science should be recognized as rational elements in the education of all boys and girls and especially those who have not as yet chosen their vocations.

"High school attendance in this country has increased almost fourfold in the last twenty years. If the college will recognize the true function of the high school, this marvelous growth will continue unabated and the American high school will become an institution unparalleled as a factor for democratic living. It is doubtful whether any nation ever before possessed such an opportunity."

RECIPROCITY NEARLY BROUGHT TO VOTE

No One Ready to Speak and Insurgents Secure Delay.

Washington, July 12.—An attempt to secure an agreement to vote on the Canadian reciprocity bill July 19, the free list bill July 20 and the wool tariff bill July 21 was made in the senate by Senator Watson (W. Va.). The motion was lost on objection by Senator Cummins.

Immediately after the consideration of the Watson agreement for a vote a minor amendment, offered by Senator Cummins, was voted down. No one was ready to speak and the opponents of reciprocity were confronted with the prospect of the immediate and summary passage of the bill.

Senator Cummins said he knew that Senators La Follette and Bristow, absent from the chamber, wanted to offer emendments. Cummins said it was unreasonable to ask for immediate passage.

Senator Nelson made a point of no quorum, and the insurgents sent out a hurry call to absent colleagues.

Chairman Penrose then announced that as a test of the good faith of those who said they did not want to delay matters he would again request an agreement to vote on the reciprocity bill July 24, free list July 26 and wool revision bill July 28.

Senator Bristow, who had rushed into the chamber, objected.

GRANDMOTHERS' BEAUTIFUL HAIR

Color and Beauty of the Hair Preserved with a Harmless Remedy Made from Sage.

Druggists everywhere comment on the fact that they are selling large quantities of sage for making old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair, making it fluffy and beautiful and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp troubles and irritations, called Wyeth's Sage and Sulphur Hair Remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Idle Capital is an Extravagance

no community can afford; to do anyone a benefit it must be kept moving and to do the most good it should seek legitimate channels. Then let us divorce ourselves from the prevailing "get rich quick" fever and get back to the good ways of our forefathers. Put your money into something at home, where it will HELP YOUR HOME TOWN and enhance the other interests you may have. Why not build a home? There's no satisfaction like that borne of the knowledge you own a home, Start it today and tomorrow you'll awaken with a feeling of independence like that of 1776. Of course you'll need lumber, but we can quickly help you out, as our stock is complete and most orders can be filled the day we get them.
